

## **BIO-MEDICAL WASTE:**

The Nagaland Pollution Control Board is the Prescribed Authority in the State to implement the *Biomedical Waste (Management & Handling) Rules, 1998*. As per the Rule health care facilities are required to obtain authorization of the Board and provide adequate facilities for collection, segregation, treatment and disposal of biomedical wastes. The Rule requires that:

- (a) Every occupier of an institution generating, collecting, receiving, storing, transporting, treating, disposing, and/or handling bio-medical waste in any other manner, except such as occupier of clinics, dispensaries, pathological laboratories, blood banks providing treatment/service to less than 1000 (one thousand) patients per month shall make an application in **Form I** to the Prescribed Authority for grant of authorization.
- (b) Every operator of bio-medical waste facility shall make an application in **Form I** to the prescribed authority for grant of authorization.
- (c) Every application in **Form I** for grant of authorization shall be accompanied by a **fee** as prescribed by the State Government.

### **How to Obtain Authorization?**

It is the duty of all occupiers/ operators to obtain Authorization from the Board as per the Biomedical Waste (Management and Handling) Rules. The application form can be obtained from the Board office or can be **downloaded** from the website. Application for Authorization is to be submitted with **prescribed fee** as Demand Draft in favour of the Member Secretary, Nagaland Pollution Control Board. Conditions regarding segregation, collection, storage, treatment, disposal, monitoring, maintenance of records and submission of reports are laid down in the Authorization.

Every occupier/ operator of an institution generating biomedical waste has to take all steps to ensure that such wastes are handled without any adverse effect to human health and the environment.

Every occupier/operator shall submit an **Annual Report** to the Nagaland Pollution Control Board in **Form-II** by 31<sup>st</sup> January every year to conclude information about the categories and quantities of bio-medical wastes handled during the proceeding year. The Board shall send this information in a compiled form to the Central Pollution Control Board by 31st March every year.

As per the Rules the wastes coming **under ten categories** are to be placed in **four different coloured containers/ bags**. The wastes have to be treated using techniques such as deep burial, incineration, autoclaving, micro waving, mutilation, shredding and chemical disinfection.

## **PRESCRIBED FEE:**

Under sub rule (3) of Rule 8 of the **Biomedical Waste (Management & Handling) Rules, 1998**, the Government of Nagaland has notified the prescribed fees for Authorization for an Occupier and Operator.

### **A. Occupier:**

Hospitals, nursing homes, clinics, dispensaries, research and pathological laboratories, blood banks, slaughter houses and research laboratories storing, generating, collecting, receiving, transporting, treating, disposing and / or handling biomedical waste in any other manner.
